

## Produkt data

### Mål og Dimensioner

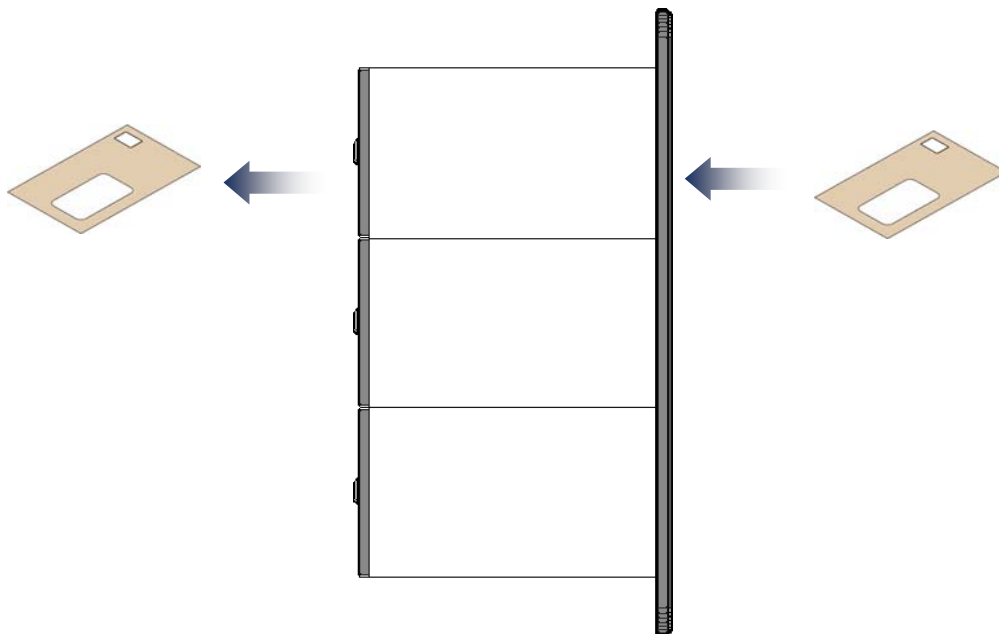

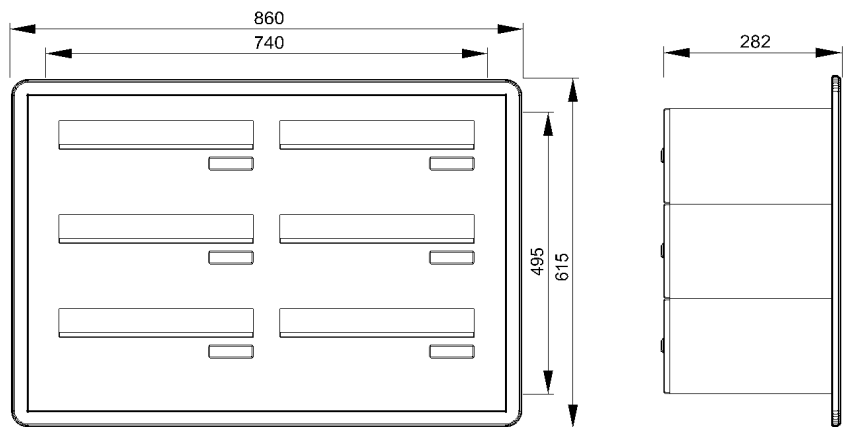

**Planmonteret anlæg**

Et planmonteret anlæg leveres som én helhed med det antal brevkasser der skal bruges til opgaven.

**Eksempel:**

Et anlæg med 6 brevkasser og bagudtag vil blive leveret som vist her på denne side.

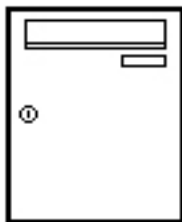

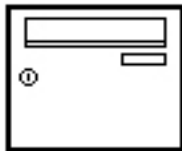

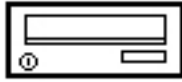

**HA anlæg**

De anførte mål er alle godkendt iht. DS/EN 13724

Anlæg med indbygget servicekasse til navn og hus nummer

Alle anlæg fremstilles i rustfri og vejbestandige materialer som bliver pulverlakeret i den ønskede farve. Selve kabinettet er fremstillet i 1,0 mm sendzimir-galvaniseret stål og lågerne af 2,5 mm anodiseret aluminium eller 2,0 mm børstet rustfrit stål.

Toppen på alle låger er bukket 95° som sikrer, at regnvand ledes ned langs siderne og fri af brevkassen.
